## Message from City Manager Eggleston

In order to protect our citizens and stem the spread of COVID-19, all City Buildings have been closed since Monday, March 23. We apologize for any inconvenience this may have caused. These closures are for the safety of our residents and employees. This situation will be monitored and updated as needed. Look for updates on the City's website, Facebook, Twitter, and other news media outlets. We ask for your understanding and assistance in stopping the spread of this virus. Keep yourself safe, and we thank you for your understanding during these most difficult times.

We are urging residents to follow the Ohio Department of Health's recommendation by staying home as much as possible. Please protect yourself by practicing the following recommendations.

- Wash your hands for 20 seconds or more with soapy water several times a day. If soap and water are unavailable, use an alcohol-based hand sanitizer.
- Avoid touching your eyes, nose, or mouth with unwashed hands.
- Avoid contact with people who are sick.
- Stay home while you are sick (except to visit a health care professional) and avoid close contact with others.
- Cover your mouth/nose with a tissue or sleeve when coughing or sneezing.
- Clean and disinfect frequently touched objects and surfaces each day. Use a household cleaner according to label instructions.
- Avoid large gatherings.
- Use online transactions when possible.
- Avoid visiting nursing homes – and if you are sick, do NOT visit nursing homes.
- If you have an older person in your home or someone with compromised health, such as asthma, understand that the biggest threat to them may be you bringing the virus into the home.
- Reconsider an upcoming trip. ●

## Fire/EMS COVID-19 Response

**I**n an effort to reduce the potential spread of the coronavirus (COVID-19), the Tipp City Fire and EMS are taking precautions to reduce exposure to our customers, patients and staff.

The Department is asking that everyone practice the BIG Five: Wash your hands often, cough into your elbow, don't touch your face, remain six feet apart and if you fell ill... stay home. In the event that you are experiencing an emergency, CALL 9-1-1. We will always respond. We do ask that you or the person calling provide every detail that may be important to the Miami County Communications Center (MCCC), dispatchers. Details to remember: recent travel, fever with cough, and shortness of breath.

MCCC will ask those patients who are able to walk to step outside when the medic arrives. If you are experiencing chest pains, shortness of breath, difficulty breathing, stroke, injuries, or any other extreme life threatening condition, please remain in place until the medic arrives.

Do not be alarmed if you are asked to wear a mask during transport. It is our goal to protect you, your family and our own families. First responders may be wearing masks, gloves, eye protection, and medical gowns and other forms of personal protective equipment (PPE) to protect all those involved.

All in-person Public Education Outreach, Fire Safety Inspections, and training of personnel have been suspended. Internally, we are training on-duty personnel on all matters of personal protective equipment (PPE), cleaning all equipment, and staying abreast of the current situation.

We are requesting that no visitors come to the station during this time of "Social Distancing". The "no visitors" does not apply to patients stopping that need emergency medical care.

The Tipp City Fire/EMS Department will continue to treat and transport to the best of our abilities. ●
