A monthly summary of municipal affairs and activities in Tipp City, Ohio

## Capital Improvement Tax Levy

The 0.50% Tax Levy allowed the City to replace the 1994 Ford Rescue Vehicle (former EMS Rescue) and a 1997 Pumper Truck with the 2012 Spartan/Rescue Truck. When purchased, this vehicle had 5,200 miles and 544 engine hours and will last for many years to come. The levy also funded the expansion of the West Side Station to accommodate the 24/7 needs of EMS including: additional EMS vehicle bays, sleeping space for 6 persons, new classroom training space, additional offices, a new kitchen, modified the existing building for the new Ladder Truck, and a new break area. The Fire/EMS station was rededicated in a ceremony February 8, 2014. ●

### Beggar's Night

Beggar's Night for Tipp City and Monroe Township has been set for **Thursday, October 29th** from 6-8 p.m. pending the COVID-19 alert level for Miami County is not RED.

*trick or treat*

## Hydrant Flushing

The Tipp City Water Department will be flushing fire hydrants Monday September 28, 2020 through Friday October 9, 2020, during the hours of 7:30 am to 3:30 pm. The following schedule will be followed:

- **Monday September 28 – Main Street South** – all hydrants from South First Street to Hathaway, including the Roslyn area.
- **Tuesday September 29 – Main Street North** – all hydrants starting at North First Street to Bowman Avenue.
- **Wednesday September 30 & Thursday October 1 – South West area** – Tipp Plaza areas, Hathaway, Spring Hill, Willow Glen, Cottonwood, Hampton Woods, Hunters Ridge, York Meadows and Sycamore Woods.
- **Friday October 2** – along Evanston Road, and South County Road 25-A south of Evanston Road going to Corner Stone Drive.
- **Monday October 5 & Tuesday October 6 – North West area** – all hydrants starting at Westedge, Tippecanoe Village, Manchester Chase, North Tipp-Cowlesville Road, Tweed Woods, Commerce Park Drive, Weller Drive and Curry Branch.
- **Wednesday October 7 & Thursday October 8 – North West area** – all hydrants starting on County Road 25-A, Spring Meade, Woodlawn, Donn Davis Way, Windmere, Oakwinds, Cedar Grove and Rosewood Creek.
- **Friday October 9** – will be used as a makeup day if needed.

Water in these areas may be discolored. Residents are advised to avoid using laundry or hot water facilities during the flushing period. If residents find their water to be discolored, they should run cold water for 5 to 10 minutes until the water clears.

Although the water will not be turned off, a drop in pressure in some areas is likely. If you have a backflow device or a water supplied sump pump, residents may want to valve these off for the day.

Flushing hydrants is a preventive maintenance program to periodically clean out natural residues which deposit in the water lines, as well as to test the hydrants.

Any questions can be directed to the City Utility/Services office at (937)667-6305. ●

## Capital Improvement Program Workshop

The 5-year Capital Improvement Program (CIP) workshop will be reviewed by City Council on Monday, October 12th beginning at 3:00 p.m. in Council Chambers. To help prevent the spread of COVID-19 and to protect our more vulnerable members of the community, this meeting will be held virtually. Everyone is encouraged to participate in this meeting by phone or Zoom. Participation information will be posted on the City's website. Residents may also contact Janice Bates, Clerk of Council at (937)667-8425 or [batesj@tippcity.net](mailto:batesj@tippcity.net) for additional information. ●
